

## TOP DENTISTS PROFILES 2025

### MUSIC CITY DENTAL

**DR. TERRY SPURLIN-MOORE** discovered her passion for dentistry at the age of six, inspired by the example of her father. Determined to change the often-intimidating perception of dental visits, she opened **MUSIC CITY DENTAL: FAMILY, COSMETIC, & IMPLANT DENTISTRY** 12 years ago with a mission to create a welcoming, uplifting experience rooted in compassion and excellence.

From the very beginning, Dr. Spurlin-Moore has invited God to lead her practice. Each day at Music City Dental begins with a prayerful morning huddle, and she continues to rely on faith as her guide in both business and patient care decisions.

Patients frequently describe the office as a peaceful, spa-like environment — one filled with art, warmth, and an intentional focus on patient comfort and education. Music City Dental prides itself on using the most advanced technology available, including same-day crowns, AI-assisted diagnostics, digital scanning, and 3D imaging, all designed to provide efficient, accurate, and comfortable care.

With 20 years of clinical experience, Dr. Spurlin-Moore is a graduate of Meharry Medical College School of Dentistry and completed advanced training at the University of Alabama at Birmingham. She stays on the cutting edge of dentistry by regularly investing in continuing education and advanced certifications. Her commitment to service has taken her on international mission trips, where she extends her skills to underserved communities around the world.

What she values most is building meaningful, trust-based relationships with her patients and mentoring younger dentists who share her passion for the profession.

When she's not practicing, Dr. Spurlin-Moore enjoys spending time with family and friends, personal time with God, staying active, and exploring international art, travel, and cuisine.

**CONGRATULATIONS**  
to Dr. Terry Spurlin-Moore  
for making our  
**TOP DENTISTS LIST.**
